The SOLIDWORKS® Partner Program certifies 3rd party solutions that are compatible and complimentary with SOLIDWORKS software solutions. As part of this process, Solution Partner candidates must provide joint customer references that will verify the value of the partner's solution. It is important to SOLIDWORKS to verify that you have worked with this company and that you recommend their solution. Please review the reference criteria and complete the following survey. Thank you in advance for your time and feedback.

Reference Eligibility:

A reference must be a current SOLIDWORKS customer who has utilized the Partner Product in the course of their business. A reference must meet the following criteria:

- The Partner solution was purchased and not provided in exchange for the reference
- The reference must not be a Reseller or SOLIDWORKS Partner Program member
- The use of the Partner product must be relevant to your business
- The reference must not be student attending an educational institution

Valid Solution Partner Product:

- The product must be used in conjunction with SOLIDWORKS in a production environment
- The product must be leveraged in a current project (within the last six months)
- The product must have been used to solve a task that pertains to your job function

Date:

Partner:

Partner Company Name:

Product Name:

Customer Reference:

Reference Company Name: Reference Contact Name:

Reference Contact Email: SOLIDWORKS Reseller:

Reference Location (State/Country):

SOLIDWORKS® serial number or seat ID:

A serial number is requested to verify status as a SOLIDWORKS customer. If you do not wish to share your complete serial number. providing a seat ID is enough to identify a customer.

For example: Xxxx-xx12-3456-xxxx-xxxx-xxxx   Seat ID = 123456
