

# Requesting Access to the SOLIDWORKS Preview Community

1. Navigate to the [SOLIDWORKS Preview community](#).
2. Log into the SOLIDWORKS Preview community with your **3DEXPERIENCE ID**

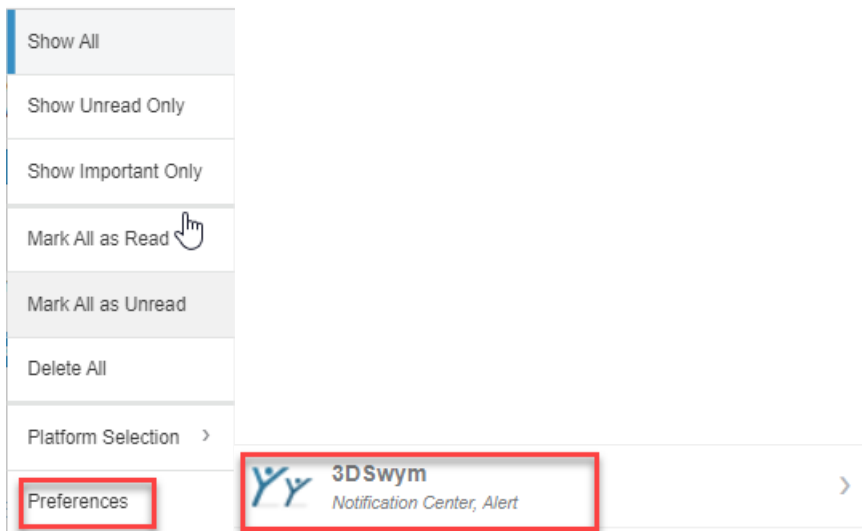

3. If you do not have a **3DEXPERIENCE ID**, click **Create your account** and proceed as instructed.
4. In the community sign-up request, "Please enter why you would like to join this community", and click send.  
**Note: You must be a customer on active subscription or channel partner to access the SOLIDWORKS Preview community. Please wait approximately 2 business days for approval.**

By default, you will not receive an email notification when approved. If you want to receive notifications by email, set the following:

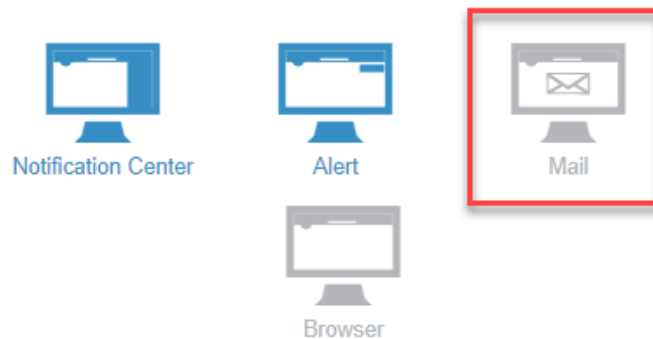

Click **Notification** (bell icon) on the upper right and click **Preferences** (gear icon)

Click **Preferences** and then click **3DSwym Notification Center, Alert**

Click on **Mail** to enable it. (If you do not want to receive notifications by email, click the mail button again to deactivate the notifications)

5. After you receive the approval notification, log into the SOLIDWORKS Preview community (login with your 3DEXPERIENCE ID)
